DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3,5-8, and 10-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claim further Claim 1 recites the limitation "the insulator " in line 23. There is insufficient antecedent basis for this limitation in the claim.

Note: Claim 1 recites two electrical conductors that are insulated from each other in line 12. However, the claim does not positively recite an insulator.

Allowable Subject Matter

Claim 1, and dependent claims thereof, would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
